

## AAUW WI Public Policy Day

Did you know Title IX of the Education Amendments of 1972 is the federal law that prohibits sex discrimination in education? It covers women and men, girls and boys, and staff and students in any educational institution or program that receives federal funding.

It applies to all areas of education, including:

- Recruitment, admissions, and housing
- Career and technical education
- Pregnant, parenting, or married students
- Science, Technology, Engineering, and Math (STEM)
- Sexual harassment and assault
- Comparable facilities and access to course offerings
- Financial assistance

Recently there has been constant attacks on this amendment, most centering on athletic requirements and expanded educational opportunities for girls have come at the expense of boys.
